

3rd Grade Swimming Lessons

parent volunteers needed

Dear 3rd Grade Parents:

It's time again for our Third graders to get to participate in Swimming lessons at the Redmond Pool. This great program is funded by the PTSA and transportation is provided by the school.

However, we still need parent volunteers to help get the kids through the locker rooms at the pool in a timely fashion. ***This means men are needed to help the boys too!***

Check out the details below and let me know if you can help out. If we can't get enough parent volunteers, we run the risk of not being able to have this program.
